NEW BOBBIN.

Hon. E. E. Hendrick May Soon Put It on the Market.

Tribune readers are familiar with the transaction whereby Hon. E. E. Hendrick, president of the Hendrick Manufacturing company, came into control of the Pendleton Bobbin company; also with the fact that the metallic bobbin manufactured in this city did not replace the wooden bobbin...

MASONS WILL RECEIVE.

Palestine Commandery, No. 14, to Hold Public Installation.

Palestine Commandery, No. 14, Free and Accepted Masons, have decided to hold a public installation, concert and reception on the twenty-sixth of April.

BETTER MAIL SERVICE.

Postmaster John H. Thomas has been very active in assumed control of the local postal department. He has announced his intention of using his best effort to have a couple of carriers added to the service that residents of the outlying districts who are now inadequately served may enjoy a more prompt delivery of mail matter.

LOCAL AND PERSONAL.

Mrs. Harvey, of Richmond street, is convalescent. The Misses Amy and Grace Squiers, of Church street, are the guests of friends in Philadelphia. Dr. D. L. Bailey has returned from the Metropolis. Mrs. Charles Blies, of River street, is entertaining Miss Nellie Dunn, of Susquehanna.

PECKVILLE.

"Where Was the Peckville Burglary Planned?" will be the subject of the Presbyterian church tomorrow evening. Dr. S. H. Moon, pastor. All are cordially invited.

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee.

Try Grain-O! The most delicate stomach receives it without distress, and but few can tell it from coffee.

ARCHBOLD.

The lecture to be delivered on March 20 at the Presbyterian church of Archbold by A. V. Bower, esq., will be one of the most interesting lectures ever given in that town. The story of this wonderful city is a most thrilling and romantic one. It was entirely covered up by the volcano Vesuvius over eighteen hundred years ago and is now being uncovered.

JERMYN AND MAYFIELD.

Some time ago the International Fraternal Alliance of Baltimore city went into the hands of a receiver. Several of the local policy holders placed their claims in the hands of Attorney Carey for collection.

The success of the Epworth League at the home of E. J. Chapman of Friday evening last has placed a new impetus toward the building church property.

The Epworth League will give a social and literary entertainment in the Methodist church here on Tuesday evening, March 21, with an admission of ten cents at the door. Proceeds to be used in defraying church expenses.

PERIODS OF PAIN.

Menstruation, the balance wheel of woman's life, is also the bane of existence to many because it means a time of great suffering.

While no woman is entirely free from periodical pain, it does not seem to have been nature's plan that women otherwise healthy should suffer so severely.

Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science.

It relieves the condition that produces such much discomfort and robs menstruation of its terror. Here is proof: DEAR MRS. PINKHAM:—How can I thank you enough for what you have done for me? When I wrote to you I was suffering untold pain at time of menstruation; was nervous, had headache all the time, no appetite, that tired feeling, and did not care for anything.

PITSTON NEWS.

A Well Planned Joke and How it Worked on a Binghamton Would-Be Jesse James—Several Deaths and Funerals, and a Column of Local News.

For several weeks there has been employed at the Sinclair House a young man named Murphy, and hailing from Binghamton. He was a dapper little chap, active about his duties as a bell boy and could spin yarns to beat the band, was clever in cultivating acquaintanceship and with these facilities he was not long in becoming ingratiated into the confidence of the boys about town.

He narrated many of his exploits and in such manner that his new found companions became convinced that he would as soon play the role of Jesse James as any other. The funerals was hatched to test his ability in this line and it went into effect last night at midnight. Three of the boys named Boyle, Mullen and Callahan told Murphy that they knew where a bag containing \$500 was buried down in the enclosure of the race track and that they wanted his assistance in procuring it. A large bag filled with poker chips and scraps of iron was fixed up and about 11 o'clock the quartette made preparations for the trip. Murphy dressed himself in his best clothes and everything that might disclose his identity. The others did likewise, and after ornamenting Murphy's features with a coat of lamp black they all donned masks and started for the place which was supposed to have concealed the booty. Callahan led the way and proceeding across the Water street bridge they arrived at the race course on the outskirts of the borough on the stroke of the midnight hour. Murphy was given his position as lookout. Callahan fired the shot and secured the bag, while Boyle and Mullen assumed the same duties as Murphy. In a few minutes Callahan emerged with the supposed treasure and showed it to Murphy. They were suggested a way to divide the spoils when there were several exclamations in rapid succession by one of the "watchmen" and Boyle dropped to the ground and cried out he was shot and done for and told the other boys to run for their lives and they did so, especially Murphy, and as he has not yet put in an appearance it is supposed he is still running with Binghamton as the first stopping place.

A NOBLE WORK.

Mrs. Brewer, of Rhode Island, Well Known for Deeds of Kindness and Philanthropy.

AN ARDENT ADVOCATE OF PE-RU-NA, THE UNIVERSAL CATARRH REMEDY.

Leading American Ladies Talk About the Merits of Pe-ru-na.

THE HOME OF MRS. LIZZIE BREWER AT WESTERLY, R. I.

Mrs. Lizzie M. Brewer is well known in Rhode Island. Long before Pe-ru-na was advertised in that State, she had discovered the merits of Pe-ru-na and was recommending it to her friends and neighbors.

As a consequence, when Pe-ru-na came to be advertised, it found a great many people who had already tested its merits. It had already made many cures of chronic catarrh, in gripe, coughs, colds and consumption in the State of Rhode Island. When it is considered that, in the Atlantic States, more than half the people suffer from the effects of catarrh, the importance of the discovery of a catarrh remedy becomes apparent.

Pe-ru-na cures catarrh. This has been well demonstrated. This is one of the certainties of medical science. It cures catarrh of the head, stomach, kidneys, bowels and pelvic organs.

In a letter to Dr. Hartman concerning the merits of Pe-ru-na, Mrs. Brewer writes, among other things: "Westerly, R. I. "Dear Dr. Hartman—I find it a sure cure for all catarrhal affections so common in this part of the country. It cures a cold at once. There is no cough remedy that can at all compare with Pe-ru-na."

"I notice in medical journals, and from the testimony of my neighbors, that the doctors seem quite unsuccessful in treating in gripe, especially in removing the after-effects of a gripe. From personal observation in many cases I know that Pe-ru-na is a sure specific for these cases."

"I am among the sick a great deal in our city and have supplied many invalids with Pe-ru-na, simply because I am enthusiastic in my faith as to its results. I have never known it to fail to quickly and permanently remove that demoralized state of the human system which follows a gripe."

"In all cases of extreme weakness I use Pe-ru-na with perfect confidence of a good result. In cases of weakness peculiar to my sex I am sure that no other remedy can approach in good results the action of Pe-ru-na. It meets all the bad symptoms to which females are subject. The irregularities and nervousness, the debility and miseries which afflict more or less the women from girlhood to change of life, are one and all met and overcome by this excellent remedy. I wish every young lady in our city could read your book, 'Health and Beauty.'"

Mrs. J. A. Bashor, Knoxville, Tenn., says: "It gives me much pleasure to recommend to the public such a valuable remedy as Pe-ru-na. My health was completely broken down and had been for almost a year. I could not rest day or night, but suffered constantly untold misery. I tried every remedy after remedy, but found no relief until Pe-ru-na was recommended to me by a friend. I have taken one and a half bottles and am today well and hearty. I shall always praise Pe-ru-na, for I feel it saved my life."

Mrs. Rosina Morning, River Basin, Mich., says: "Last summer I was troubled with female weakness. Pe-ru-na helped me and now I can do my own work. I believe that I will get through with Pe-ru-na and Man-a-lin, with God's help. Several weeks passed before I was able to get up and do my own work. I praise the blessed Pe-ru-na wherever I have the opportunity. I think and know its equal is not to be found. It has Mrs. E. Riker, done for me what four doctors and five different medicines failed to do. I walk seven blocks to church every Sunday and feel refreshed at the end of my walk. And such sweet, refreshing sleep I often tell my husband that if the house was carried away and me in it I wouldn't know a thing about it."

Mrs. E. Riker, Cedar Falls, Ia., writes: "I am now quite well, doing all my household work for six in the family. I have not taken Pe-ru-na for two weeks now. I praise the blessed Pe-ru-na wherever I have the opportunity. I think and know its equal is not to be found. It has Mrs. E. Riker, done for me what four doctors and five different medicines failed to do. I walk seven blocks to church every Sunday and feel refreshed at the end of my walk. And such sweet, refreshing sleep I often tell my husband that if the house was carried away and me in it I wouldn't know a thing about it."

Every housekeeper ought to have some of Dr. Hartman's free books. These books give valuable information on all medical subjects of interest to the family. Catarrh, the bane of the United States, becomes each year a more dangerous enemy to the household. It manifests itself in coughs, colds, bronchitis, in gripe, dyspepsia, kidney diseases and the like. The changeable weather of winter is especially favorable to the production of catarrhal diseases. Pe-ru-na does not cure everything, but it does cure catarrh and catarrhal diseases. All letters should be addressed to Dr. Hartman, Columbus, Ohio.

DELANEY ON TRIAL. Arraigned at Media for Murder of Mrs. Ann Leonard.

Media, Pa., March 10.—Miss De-laney, colored, was put on trial today for the murder of Mrs. Ann Leonard, at Chester, on Sept. 21, 1898. All morning was consumed in securing a jury. The commonwealth's chief witness was Joe Brown, the alleged accomplice of Delaney. He said that he and Delaney went to the Leonard cabin at midnight and stole two chickens; then when the old man and his wife came out De-laney knocked Mrs. Leonard down and the witness struck her husband.

Peter Leonard, who was left for dead stated positively that Delaney struck and killed his wife. The case will be concluded tomorrow.
